Alamo Drafthouse

Tilted Entertainment

Ayars & Ayars, Inc. was selected to engineer, cast, and erect the tilt-up wall panels at the Alamo Drafthouse in La Vista, NE. Tilt-up concrete construction allows owners to have the buildings they desire in a time efficient and cost effective manner. We are casting the building's walls on-site which accelerates the construction schedule while reducing transportation and handling costs. We are proud to be a part of such an exciting project for the La Vista area!
