

Educational

York College - Academic Support Center

Help Me Learn

Ayars & Ayars, Inc. is pleased to renew our long-standing relationship with York College; providing design-build assistance as they begin the transformation of the nearly 60-year-old Middlebrook Hall into an academic support center. This first phase of the project adds enhanced accessibility to the entire building with a new vestibule entrance and elevator addition. Completion of the center is scheduled over a five-year, multi-stage process that will provide students improved access to the facility, smart classrooms, renovated space and enhanced learning technology.
