

NPPD - Cooper Nuclear Shooting Tower

On Target

In 2004, Ayars & Ayars, Inc. was selected to erect a shooting platform to enable security guards at NPPD's Cooper Nuclear plant to practice their marksmanship. This project enclosed the shooting tower, making it better suited to all season training.

Project Details

Location:
Brownville, Nebraska

Size:
500 sq. ft.

Type of Construction:
Pre-Engineered Metal Building

Project Completion:
2010

The plant consumes about 6 lbs of uranium per day; equivalent to 20 million lbs of coal, 165 million cubic feet of natural gas or 1 million gallons of oil.
