

Davita - Renal Treatment Centers

Healing Power

Ayars & Ayars, Inc. was once again chosen to complete a design/build project within Northgate Crossing on the North edge of Beatrice, NE. This time for Davita - Renal Treatment Centers. This 5,800 sq. ft. facility will include seven dialysis stations along with two home training rooms. Ayars & Ayars, Inc. provided a complete building shell for the facility with scopes of work including: site development, foundations, steel erection, concrete flatwork, MEP services, exterior finishes and landscaping.
