House of Fabrics

Sew Fine

Ayars & Ayars, Inc. was pleased to be design-builder for the House of Fabrics new facility. Incorporating the large parapet wall into the building's design provides excellent visibility for signage and shields customers from weather as they enter the facility. Highlighting the abilities of our masons, our scopes of work on this project included: foundations, masonry, steel erection and interior finishes. Lumber Liquidators now occupies this building.

Project Details

- Location:
Lincoln, Nebraska
- Size:
16,200 sq. ft.
