Kelly Klosure - Picatinny Arsenal

Keeping Your Powder Dry

Ayars & Ayars, Inc. is pleased to be a preferred erector of Kelly Klosure pre-engineered, pre-fabricated buildings. Through our partnership with Kelly Klosure, we have erected structures throughout the United States; most often located on military bases such as this building at Picatinny Arsenal - home of the US Army Armament Research, Development and Engineering Center. Our typical scopes of work include: foundations, concrete flatwork, building erection, interior finishes, MEP, paving and landscaping.
