CKO Gym Remodel

Let's Get Down To Fitness

Ayars & Ayars, Inc. is committed to delivering the highest quality of work on all of our project from start to finish. That is why CKO chose to work with us. This project included a build out to establish their first facility in Omaha, Nebraska. Our scope of work included selective demolition, adding a sound barrier wall, and moving an entrance vestibule. This 10,000 sq. ft. area ensures enough space for their ever-growing business to expand in the future. CKO has a massive army of devoted followers and we can't wait to meet them once the Omaha facility opens its doors!
