

# Central Valley Elementary

## Additional Learning

To help accommodate growth and the merger into Central Valley Elementary, Ayars & Ayars, Inc. began with the demolition of the 1920 3-story building to prepare for the construction of the new facility. Our design-build team then designed and constructed the new addition for elementary classrooms, remodeled the existing metal building into classrooms, and also constructed a brand-new bus barn.

## Project Details

- Location: Scotia, Nebraska
- Size: 21,192 sq. ft.
- Type of Construction: Pre-Engineered Metal Building
- Project Completion: 2014
- Central Valley: Instilling Pride, Inspiring Others.
